My homeowners insurance covers me...right?

Don't count on it.

Flood protection is one of the primary exclusions on a homeowner's policy. Did you know that flooding occurs in every state and that 25% of all flood insurance claims come from moderate-to-low risk areas?****

Could *you* be exposed to one or more of these events?

Tropical Storms

Heavy Rains

Spring Thaw

Dam/Levee

According to the National Flood Insurance Program, “*Everyone* lives in a flood zone.”

You have options. HomeServices Kentuckiana Insurance can help.

*A flood is typically defined as a general and temporary condition where two or more acres of normally dry land or two or more properties are inundated by water or mud flow. Sump-pump failure and/or water back up are not considered a flood and are not covered under a flood policy. Check your homeowners policy for coverage on these risks.
