

Defining Your Ideal Home

The property you buy will be much more than a house; it will be your *home*.

The following questions will help me find your ideal home:

- How many people will be living in your household?

- What would you consider a comfortable commute?

- What are the most important activities for the members of your household?

- What is something you *disliked* about the house or area where you lived previously?

- What are one or more *features* you liked most about homes you've lived in previously?

- What are the most "must have" features of your ideal home and neighborhood?
